

The REALTOR® Advantage

The Painter's Group (TPG) is proud to offer Sutton Group Agents "The REALTOR® Advantage" Program. It's designed to help you, the Real Estate Professional, expedite the sales process while supporting a full commission.

We realize that when a homeowner decides to trust you to sell their property, you need a partner that you can count on to help you maximize the ROI on your marketing dollars invested, while treating your clients and their home with utmost respect and integrity.

A Professional Painting Process Designed to help You Sell More Properties

- We are experienced helping the Real Estate Professional in the "Painting" segment of Staging Process and beyond. Our "One-Stop" REALTOR® Advantage Program includes services ranging from painting to minor renovations (drywall, plastering, stucco repairs, wall erections, shelving/fixture removal and installation, tiling, minor carpentry work and flooring) – everything that you need to make a property .

- We do everything from full makeovers to simple touch-ups for your clients.

- We understand that your time is money. We are flexible and very responsive to meet your open house deadlines doing double and weekend shifts if required. Our mindset is to exceed your expectations!

Our REALTOR® Advantage Program includes:

- Strategic Painting: An assessment of the interior and exterior of the property to find the simplest, and most cost effective solution to any obstacle. A full paint job may not be required. We know what will provide the best return on your client's painting investment.

- A description of our recommended solutions, which might be as simple as touch-ups in key areas, so that the property is more marketable

and creates a great first impression. This puts more cash in your pocket, leads to a quicker sale, multiple offers, and builds a strong client relationship for high quality referrals.

- A team of qualified painting professionals, who are bonded, insured and always professional and friendly. TPG maintains strict quality control standards and employees undergo periodic training to maintain our high standards.

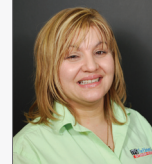

- A Schedule of Completion with a deadline built around your requirements.

Our Services

Residential - Interior / Exterior Painting - Faux Finishes - 24 Hours Emergency Service - Drywall Repairs - Taping / Plastering - Deck Staining - Color Match Quality to Original - Fire / Flood Damage - Vinyl & Ceramic Flooring - Tiling.

We love what we do!

George and Silvia Cuccovillo founded TPG almost 10 years ago. In that time the company has grown rapidly thanks to the founders' strong work ethic and guiding principles: honesty, integrity, reliability, respect, professionalism, pride-in-your-work, craftsmanship, teamwork and innovation. These values permeate the company and all of its employees. TPG always strives to "Do the right thing" for customers and was one of the reasons that the company was honoured by the Markham Board of Trade with their prestigious "High Service and Quality" Award for 2008.
